

HEAD OF HORSE THROUGH GLASS

Startled Motorman Standing
In The Vestibule.

Head-On Collision Between Vehicle
and Street Car at Eleventh and
Caldwell.

THE ACCIDENT INJURED NO ONE.

A horse and street car on the depot line met in head-on collision yesterday afternoon about 4 o'clock at Eleventh and Caldwell streets. The horse escaped with a few cuts on the mouth and nose and the glass in the vestibule of the car was broken. Street car No. 3, in charge of Motorman Ed West and Conductor E. Thompson, was coming from the Union depot. Roy Perryman and two companions were driving out Eleventh street. At Caldwell street they turned in and met the car which was rounding the curve. The tracks are close to the sidewalk, and posts supporting an awning, made it impossible to turn the horse on the pavement to prevent meeting the car. As it was Perryman could do nothing more than stop. The car stopped about the same time but not until the horse's head was thrust through the glass vestibule.

Motorman Ed West jumped aside just in time to escape the flying glass and the horse's head. Perryman and his companions tumbled out of the buggy and started freeing their frightened horse.

GIRL CLERK CAUGHT BY TRAP.

Milwaukee Man Fixes Box to Catch
Tampers With Mail.

Milwaukee, Nov. 5.—Frank Bader, superintendent for Perry & Clas, architects, for some time believed that his mail had been opened and read by some one unknown. A trap was set. A box which on opening exploded a heavy percussion was fixed up and sent to the office for Mr. Bader. Soon after the mail arrived this morning an explosion was heard, and when the employees rushed into the room they found Miss Lula Ruscha, a clerk, in a high state of alarm and consternation. She was taken before Commissioner Bloodgood on a charge of illegally opening mail and held to the grand jury in bail of \$500, which was furnished.

Miss Ruscha denied before the commissioner that she had ever tampered with any other mail addressed to Mr. Bader. Her reason for opening it today, she said, was that she had been told by friends that a Milwaukee woman was in correspondence with Bader, and she thought the address on the box looked like her writing, so she opened it.

James G. Blaine III, grandson of the dead statesman, has just made his debut in New York City as a clerk in the Day and Night bank on Fifth avenue at \$6 a week.

Wednesday a meeting of the creditors will be held and the case will begin in earnest. There are many lawyers engaged by the different creditors and every point is expected to be bitterly contested.

William Kraus, A. H. Kulp and William Stewart were appointed appraisers.

DECLINED TO KNEEL.

Men in British Navy Barracks Mutinied Yesterday.

Portsmouth, Eng., Nov. 5.—Resenting the command of an officer to kneel during a sermon, 200 men in the navy barracks mutinied yesterday and made things lively before they were quelled. An attack was made on the canteen by the mutineers. The place was wrecked. The whole garrison was mobilized and charged the mutineers with bayonets. The mutineers fought fiercely and several were wounded.

Mormon Question at Issue.

Bols, Idaho, Nov. 5.—The dominant issue of the campaign, as set forth in the Democratic platform, is, Mormon partisanship in the affairs of state, members of that church bring accused, of controlling the Republican party and by practice of polygamy violating the constitution of the state without fear of prosecution. Republicans deny that polygamy is practiced in the state, or that Mormons control the party.

BOTH CLAIMING NEXT CONGRESS

Democrats And Republicans
Give Out Last Figures

Hughes and Hearst Are Confident of
a Majority of Over Two Hun-
dred Thousand.

PENNSYLVANIA IS CERTAIN

Washington, Nov. 5.—With but one day intervening before the country will elect the sixtieth congress, there is decidedly a general area of "high pressure" in the political atmosphere.

The Republicans claim, emanating from the headquarters of the Republican congressional campaign committee in New York, is this:

"The Republicans will have a majority of fifty-eight in the next house of representatives."

The analysis of this claim from the same source is:

"Sure Republican districts, 222; sure Democratic districts, 130; doubtful but probably Republican, 21; doubtful but probably Democratic, 13."

The Democratic congressional campaign committee, with headquarters in Washington, has figured out sixty-seven Democratic gains over its last representation in the house. Chairman James M. Griggs, of this committee, thinks this claim is rather too conservative.

In Tennessee.

Both Democrats and Republicans in the Tennessee gubernatorial race to be decided Tuesday claim that they will win, but neither offers any estimates, and it will be one of the closest races ever run in that state, with both sides split into many factions. H. Clay Evans, the Republican nominee, has an excellent chance of election.

Claims in New York.

New York, Nov. 5.—Chairman Woodruff, of the Republican state committee, predicted today that Hughes will have more than 200,000 majority in the state. Chairman Hansen, of the Independent League, says Hearst will win by 200,000. Leader Murphy, of Tammany, says victory is in the air.

Lawson for Morgan.

Boston, Nov. 5.—Thomas W. Lawson's promised aid for John B. Morgan, Democratic candidate for governor, came today in a half page advertisement in all the Boston morning papers. The advertisement, couched in Lawson's characteristic vocabulary, called upon the voters of Massachusetts to elect Morgan governor.

Republicans Will Win.

Washington, Nov. 5.—Senator Penrose, of Pennsylvania, had a talk with the president today. After he left he said the Republicans will elect the ticket in Pennsylvania by a substantial majority.

SUICIDE CHOOSES NOVEL DEATH

Prussian Sergeant Loads Rifles and
Tells Recruits to Shoot.

Treves, Rhenish Prussia, Nov. 5.—While several squads of infantry were exercising in a field today undergoing instruction, with blank cartridges, in how to use their rifles on the firing line, a sergeant of one squad fell dead with four bullets through his breast. It developed that he had himself loaded the rifles of the squad with ball cartridges and directed the recruits to aim at his breast and pull the triggers. The cause of the sergeant's suicide has not been ascertained.

SHOT AT HIS OWN DOORSTEP

Illinois Farmer Killed in Fight With
Hog Thief.

Collinsville, Ill., Nov. 5.—Almost at his own doorstep Martin Fuchs, a farmer, was shot to death today after a struggle with a man to prevent his hogs from being stolen. His own shotgun was used in killing him. John McMullen, a miner, who came to Collinsville three days ago, talked so much about the killing after the body was found that he was arrested on suspicion. He denies that he was implicated in the crime.

JOKERS CARRY OFF TOWN JAIL.

Hallowe'en Prank Deprives Wisconsin
Village of Prison.

Madison, Wis., Nov. 5.—As an afterthought to Hallowe'en a crowd of young men and boys carried away the jail at the village of Fair Oaks, adjoining Madison, and set the structure down on the lake shore, a quarter of a mile away.
